

HOPE

Tenacious D

Hope is a doggy
A sweet doggy
Standing next to a rose
A flower grows in the soil
There's still hope for life to exist
For us to survive
To thrive and survive
And find a way to live our lives
And live through this nuclear holocaust
Let's get it on How will we survive?
With a little luck
And patience
And know-how
And love
We will survive
The nuclear holocaust
Yeah yeah yeah yeah yeah
We will survive
And we will thrive
Must stay alive and we will strive
To make it to the top of the mountain
There shall be dragons and there shall be gorgons
There shall be many beasts with no name
Our trust doggy will be there to save the day
Hope will find a way
Hope will find a way
