

Set On Fire

MAGIC GIANT

Sour
Sweet as rain
Leaves a stain
Power
Struggle of the heart
You can't tear apart the blame
Now I know that hello is a show for a sweet goodbye
No tears to cry
Which one of us set on fire?
Cause we both went up in smoke
Which one of us cut the wire?
Ain't no bottom to this hole
Coward
Burnin the page
Rose from the flames
Flowers
Tossed to the wind
End to begin again
Now I know that hello is a show for a sweet goodbye
No tears to cry
Which one of us set on fire?
Cause we both went up in smoke
Which one of us cut the wire?
Ain't no bottom to this hole
Would you save me
I'll save you
We can save ourselves
Would you save me
I'll save you
We can save ourselves
Which one of us set on fire?
Cause we both went up in smoke
Which one of us cut the wire?
Ain't no bottom to this hole
