

Sweat It Out

Breathe Carolina

Rumblin', rumblin', rumblin', rum
Rumblin', rumblin', rumblin', rum, rum
Rumblin', rumblin', rumblin', rum
Rumblin', rumblin', rumblin', rum, rum
Rumblin', rumblin', rum, rum, rum, rum Bass in my chest when I can barely breathe
I'm out of time, I just might catch fire
I feel the heat creeping up to me
It's in my bones, I just might sweat it out I'm not alone
Until we drop the lights
I'm not alone You're not alone
Until we drop the lights
We're not alone
I just might sweat it out, out, out
It won't be pretty when the lights come back, back, back on
Turn 'em on, turn 'em on for me
It won't be pretty when the lights come back, back, back on
Turn 'em on, turn 'em on for me Turn 'em back off Rumblin', rumblin', rum, rum
Rumblin', rumblin', rumblin', rum
Rumblin', rumblin', rumblin', rum, rum
Rumblin', rumblin', rum, rum, rum, rum I'm up right now and I'm not shutting down
I crossed the line, follow or fall behind
This shit is mine, everywhere, every time
Why don't we sweat it out? I'm not alone
Until we drop the lights
I'm not alone
You're not alone
Until we drop the lights
We're not alone
I just might sweat it out, out, out It won't be pretty when the lights come back, back, back on
Turn 'em on, turn 'em on for me
It won't be pretty when the lights come back, back, back on
Turn 'em on, turn 'em on for me Turn 'em back off Rumblin', rumblin', rumblin', rum, rum
Rumblin', rumblin', rumblin', rum I'm not alone
Until we drop the lights
I'm not alone You're not alone
Until we drop the lights
We're not alone
I just might sweat it out, out, out It won't be pretty when the lights come back, back, back on
Turn 'em on, turn 'em on for me
It won't be pretty when the lights come back, back, back on
Turn 'em on, turn 'em on for me
