

# Baby Hold On to Me (feat. Eddie Levert)

## Gerald Levert

(featuring Eddie Levert) All your friends are telling you  
You should have a fancy car and diamond rings  
But Girl you know all good things come in time Girl you know I'll do just about anything  
To see a smile upon your face  
So don't let your friends go messing with  
your mind Girl you know there ain't nothing  
I won't do for you and Baby don't  
Don't ever doubt my love 'cause it's true Baby hold on to me  
See I'm a special kind  
A man that is hard to find  
Told you a thousand times  
Baby hold on to me  
Repeat 1 Oh Girl wasn't I there when he made you cry  
And who was there to comfort you  
When he said bye bye bye bye bye Baby Girl I give you my time here is my money  
All of my heart and you'll be so sorry Baby  
If we were to ever part  
And Girl you know  
That I would never hurt you  
And Girl you know  
That I would never desert you Better hold on to me  
See I'm a special kind  
A man that is hard to find  
Told you a thousand times  
Baby hold on to me Repeat 1  
I wanna be everthing that you need  
And I promise yes I promise Baby  
To be there for you baby Repeat 1 (Ad lib) Repeat 1 three times (vamp)
