

New Money (feat. Mishon)

Lil Twist

Girl that's new money right there
Yeah that's new money right there
Gonn' see how crispy that feel
How good that look, how good that smell
Soon as they make it, I get it
Soon as I get it, I spend it
Yeah that's new money right there
Yeah that's new money right there
Oh Oh Oh Oh (new money)
Oh Oh Oh Oh Oh (new money)
Oh Oh Oh Ohhh (yeah, that's new money right there)
Check it, new money right here
This is Lil Twist and Mishon's year wit no fear
Cause we eatin', them haters steady creepin'
Top of the game, while them suckas steady peakin'
So hush up, yeah be quiet when im speakin'
Big money talk, Twizzy F, the deacon preachin'
Im just takin' off and from them niggas thats leechin'
For instance Im ballin, them other lil niggas is reachin'
Kinda foul, especially now that I'm all that they girls talk about
Especially now that I'm legal baby, Im wildin out
The young boss ballin' baby girl, YM the scout
You wanna know if its clout? No doubt, count it out
This how money really feel
Never slowin' down, more cash in one year
Bumpin' and jukin', I rather have a bill
And me, I'm just a chef, tryna make another meal
Please hand it over, Young Money Soldier
Meditate on cash, Lil Twist doing yoga
S-so much green like the kid mixed with ogre
And I'm so paid, wonder why they call me broker
Sandy-like smell, that's my black card odor
Star on this track, Lil Twist the young Yoda
In a minute i ma have my momma like Oprah
But for now, I'ma gettin' new money like I told ya
New money right here
Young money right here, old money over there, move over
Mo money, who cares
Throw money like yea, new money right here, it's over
