

Sundress

Ben Kweller

Everybody's trying to be the best
What about the girl with loneliness
I like your sundress
I like your sundress
What about the girl with loneliness
From the inside out
You're so beautiful
I want to hold you in my hand I do everything you want me to
I do everything you want me to do
I want to start going on a morning walk
What about the days when we used to talk?
I don't need a smile from a mannequin
I just want to hold you in my hands I do everything you want me to
I do everything you want me to
I do everything you want me to do From the inside out
You've changed, girl
You know you have
Don't make a good thing bad
Just let me hold you in my hands
I do everything you want me to
I do everything you want me to do
I do everything everything everything
I do everything you want me to
I do everything you want me to do
Do do for you
