Sundress

Ben Kweller

Everybody's trying to be the best
What about the girl with loneliness
I like your sundress
I like your sundress
What about the girl with loneliness
From the inside out
You're so beautiful

I want to hold you in my handI do everything you want me to I do everything you want me to do

I want to start going on a morning walk What about the days when we used to talk?

What about the days when we used to talk?

I don't need a smile from a mannequin

I just want to hold you in my handsI do everything you want me to

I do everything you want me to I do everything you want me to doFrom the inside out

You've changed, girl
You know you have

Don't make a good thing bad Just let me hold you in my hands

I do everything you want me to

I do everything you want me to do

I do everything everything

I do everything you want me to I do everything you want me to do

Do do for you
