

Just One Fix

Ministry

Never trust a junkie
Blood keeps drinking away
Certain of its destination
Driving through New Orleans at night
Gotta find a destination
Just one fix, just one fix
Just one fix, just one fix
Life keeps slipping away
Fighting in a war with damnation
Poised, keep cutting away
Im looking in through to salvation
Just one fix, just one fix
Just one fix, just one fix
Just one fix, just one fix
Just one fix, just one fix
Just one fix, just one fix
Like if I boarded a train
Trying to take in another station
Join us and the choice will be made
Unless we kill the lie as a nation
Just one fix, just one fix
Just one fix, just one fix
Just one fix, just one fix
Just one fix, just one fix
Just one fix, just one fix
Just one fix, just one fix
Just one fix
