

# My Wave (Intro)

Keith Urban

I roll with the punches  
I go with the flow  
I used to fight against the tide  
But I learned my lesson and now I know  
That there's a better way to live this life  
You got to find your song and just sing it  
And there's a better way to feel all right  
Let it all go and let love take control And just ride  
On a wave so free, just you and me  
Comin' alive  
It feels so good  
Just watchin' the world goin' by  
D, D, D, doin' my thing out here  
Vibin' and ridin' my wave  
Um hm  
E-v-e-r-y day  
Why would I wanna live any other way  
Than ridin' my wave  
We all got problems  
I've had my share of pain  
I got scars in places that you can't even see baby  
But it made me who I am today  
So when it rains  
When there's a hurricane  
You got to find your wave and just surf it  
Put some love in the world  
Find a boy or a girl  
To heal all the hurt  
'Cause you know you deserve it  
So ride  
On a wave so free, just you and me  
Comin' alive  
It feels so good  
Just watchin' the world goin' by  
D, D, D, doin' my thing out here  
Vibin' and ridin' my wave  
Um hm  
E-v-e-r-y day  
Why would I wanna live any other way  
Than ridin' my wave You gotta watch out for the shine blockers  
Me I'm just a time stopper  
Wait, huh?

We gon' get there when we get there lil' mama  
We gotta depend on the waaaaave  
Leanin' and dreamin'  
Pullin' up on the scene and we sting 'em  
Focused and floatin', we're drinkin' and singin'  
Been a long time comin'  
But it's all for the better  
What we can't do alone, we can all do togetherLet's ride  
We're comin' alive  
It feels so good just watchin' the world goin' by  
D, D, D, doin' my thing out here  
Vibin' and ridin' my wave  
E-v-e-r-y day  
Now why would I wanna live any other way  
E-v-e-r-y day, E-v-e-r-y day  
E-v-e-r-y day, E-v-e-r-y day  
I feel it, baby
