## I'll Always Love You (Day After Day)

## **Dean Martin**

If I should stay I would only be in your way So I'll go, but I know I'll think of you ev'ry step of the way And I will always love you I will always love you You, my darling you, hmm. Bittersweet memories That is all I'm taking with me So goodbye, please don't cry We both know I'm not what you, you need And I will always love you I will always love youI hope life treats you kind And I hope you have all you've dreamed of And I wish to you, joy and happiness But above all this, I wish you loveAnd I will always love you I will always love you I will always love you I will always love you

I will always love you I, I will always love you You, darling, I love you.
