

# This is Not the End

## Rancid

Copy cat man, copy all your shit man  
Steal your gold man, right where you stand man  
Hold what you got, everything closely  
Can't respect you, can't respect your ways  
So you hear me, killer plan man  
Not the end man, just beginning man  
So you hear me, killer plan man  
Not the end man, just beginning man  
In attack mode never go the easy road (not the end!)  
Got loyalty coming by the truckload (not the end!)  
Thinking every day, thinking every way (not the end!)  
Keeping positive every single day  
So you hear me, killer plan man  
Not the end man, just beginning man  
So you hear me, killer plan man  
Not the end man, just beginning man  
This is not the end! (not yet!)  
Copy cat man, copy all your shit man  
Steal your gold man, right where you stand man  
Hold what you got, everything closely  
Can't respect you, can't respect your ways  
In attack mode never go the easy road (not the end!)  
Got loyalty coming by the truckload (not the end!)  
Thinking every day, thinking every way (not the end!)  
Keeping positive every single day  
So you hear me, killer plan man  
Not the end man, just beginning man  
So you hear me, killer plan man  
Not the end man, just beginning man  
This is not the end! (not yet!)  
Not the end!  
Not the end!
