

Lump on Your Stump (feat. Little Milton)

Gov't Mule

Let me tell you somethin
I'm gonna say just one time
If I don't mess with your women
then you better not mess with mine Just because I'm drinking
It don't mean I gonna get drunk
Cause if I catcha tryin to do me wrong
I'll put a lump on your stump Let me tell my women
The way it's got to be
I'll give you everything in the whole wide world
You got to be true to me
(repeat) You can spend my money
I'll even be your pal
I'll give you the shirt right of my back
But I'm not gonna share my girl (repeat) You might thnik I'm Jivin
but every word I say is ture
I don't plan to be bad but just like poison Ivy, I'll breakout all over you (repeat)
Just in case you didn't get the message Extra
Just in case you didn't get the messagee
I'm gonna give it to you
now You know what a stump is? The stump is the thing you sit on
and these things that I walk on is what I'll put a lump on your stump with
and If you don't understand that in plain english, I will kick your little...
