

# Safe As Houses (2002 Remastered Version)

## Stiff Little Fingers

She makes a home and she stays mum  
About the things she might have done  
She keeps her eyes firm on the ground, to set her own life  
Makes up her face and not her mind, to be a wife  
There was a time away back then  
She might have thought to think again  
But then through dolls and schoolyard games, like ma before her  
She learned girls play the family way' don't look for more  
She's just playing, playing safe  
Playing houses, safe as houses  
Here on this street when they were kids  
He built his dreams with coloured bricks  
But comes the time for him to prove that he's a man now  
He gets a wife and makes his move to three doors down  
He's playing, playing safe  
Playing houses, safe as houses  
For there was no-one there to say  
It didn't have to be that way  
You never get the best of you  
When you do what they expect you to  
You've heard it all, how you're no use  
You're born to fail, so follow suit  
But if you feel and got a dream, don't dare ignore it  
Cos that is what you've got to be, you must go for it  
Don't play it, play it safe  
A plague on houses, safe as houses
