

# Wicked Gil

## Band of Horses

Hey do you really know  
Hate you because  
Go tippy toe  
And shut off to the world  
Shut off to all, you ghost I barely told a lie  
Prayed to be blind  
Now go for a while  
Shut off to the world  
Shut off to all  
I'm yours  
I'm yours  
Helping evil people to say things they should  
And say once before  
I know evil people who say things  
They don't know, oh I begged Gil really, why  
Stay through the night  
I'm here for a while  
Shut off to the world  
Shut off to all  
I'm yours  
I'm yours  
Helping evil people to say things they should  
And say once before  
I know evil people will say things  
They don't know  
Oh why do I even care  
It's nothing now, oh
