The Sky Is Broken

Moby

See the storm is broken In the middle of the night Nothing left here for me It's washed awayThe rain pushes The buildings aside The sky turns black The sky Wash it far Push it out to seaThere's nothing left here For me I watch it lift up to the sky I watch it crush me And then I die Speak to me baby In the middle of the night Pull your mouth Close to mine I can see the wind coming down Like black nightSo speak to me Like the winds outside It's broken up, pushing us Hear the rain fall See the wind come to my eyes See the storm broken Now nothingSpeak to me baby In the middle of the night Speak to me Hold your mouth to mine 'Cause the sky is breaking It's deeper than love I know the way you feel Like the rains outsideSpeak to me
