

# Circles

SD

It's like the squad didn't called on me  
Got me feeling I'm abnormal  
Ain't gettin' gwuap homie  
While you keep going in circles  
I got my circle with me  
And they're aiming at your Urkels  
It ain't a thang to me  
But I leave you you're seein' circles  
I hop out front on me  
I'ma leave you filled with circles  
I'm in the club She on me  
But she really seein' numbers  
We hope yo bitch tipsy  
But this drinkin' just begun us  
I know you tired, woozy  
I know you might be seein' circles  
It's like the squad didn't called on me  
Got me feeling I'm abnormal  
Ain't gettin' gwuap homie  
While you keep going in circles  
I got my circle with me  
And they're aiming at your Urkels  
It ain't a thang to me  
But I leave you you're seein' circles  
Rollie ollie ollie ollie  
Shots went out but no one know it  
Ain't no squares around you blowin'  
Think before you speak  
Cuz my niggas we loaded  
Ain't no telling we got guns lets keep it that  
Lets keep it in a circle  
I got my ollie ollie ollie ollie  
It's like the squad didn't called on me  
Got me feeling I'm abnormal  
Ain't gettin' gwuap homie  
While you keep going in circles  
I got my circle with me  
And they're aiming at your Urkels  
It ain't a thang to me  
But I leave you you're seein' circles
