Sunmi - Siren English Translation  
I told you not to be deceived  
That the moment you take this hand, it'll be dangerous  
Now you're bleeding, but are you still attracted?  
You clearly know but why are you staring at me?  
Just let go  
Don't even hesitate a little  
Just let go  
You know  
That I'll hurt you  
The beautiful me of your fantasies doesn't exist  
Can't you see that boy?  
Get away out of my face  
Don't come any closer boy  
Even if I'm sad, I won't cry  
Get away out of my face  
Don't look at me anymore, boy  
Even if I'm sad, I won't cry  
Lalala lalala  
Lalala lalala  
The look you're giving me when I'm so cold to you  
The moonlight that shined on us is setting now  
Can't you see? Your hand that can't let go  
Is slowly getting red  
Just let go  
Don't even hesitate a little  
Just let go  
You know  
That I'll hurt you  
The beautiful me of your fantasies doesn't exist  
Can't you see that boy?  
Get away out of my face  
Don't come any closer boy  
Even if I'm sad, I won't cry  
Get away out of my face  
Don't look at me anymore, boy  
Even if I'm sad, I won't cry  
Lalala lalala  
Lalala lalala  
Can't you see that boy?  
What?  
Can't you see that boy?  
I ain't cry no more  
Get away out of my face  
Don't come any closer boy  
Even if I'm sad, I won't cry  
Get away out of my face  
Don't look at me anymore, boy  
Even if I'm sad, I won't cry
