

# I Ain't Running

## The Band of Heathens

(\*Jurdi/Quist/Brooks)

You showed him the right way to live again\*  
He led you the wrong way from love  
Down one way streets, kneeling at his feet  
Kicking your heart all onto the floor  
Smoke cigarettes, take bets, whatcha got in mind  
I'll be here with you for right or wrong  
Cause I ain't running, I ain't afraid  
I ain't running I ain't afraid  
I ain't running I ain't afraid  
I ain't running I ain't afraid  
Of your heart  
Choose if you will but I must confess  
The Game it is over, match it is won  
Come ride with me, we're free, whatcha got in store  
I'll be here with you when it all goes down  
Cause I ain't running, I ain't afraid  
I ain't running I ain't afraid  
I ain't running I ain't afraid  
I ain't running I ain't afraid  
[Bridge:]  
Brilliant lady, you're so shady  
Always waiting, always  
I ain't running I ain't afraid  
I ain't running I ain't afraid  
I ain't running I ain't afraid  
I ain't running I ain't afraid  
I ain't running I ain't afraid...
