

Cheek to Cheek

Lowell George

George-Kibbee-Parks

Rosarita

I laid on your beach

Dreaming and drinking Tequila

I came all the way from Marina del Rey

On a plane yesterday

From the gray LA air

Cheek to cheek

To cheek, Chiquiti-ita

Yo soy amoroso

What could be wrong with the hombre who sings so-so?

From uphill Californio

Rosarita

Forget that border, check please

You won't have to sneak

Two or three times a week

And your green card, da ga verde may never be strong

'Cause you've got my heart on permanent loan

Cheek to cheek

To cheek, Chiquiti-ita

Yo soy amoroso

What could be wrong with the hombre who sings solo?

From uphill Californio
