

# Whoever's In New England

[Reba McEntire](#)

(kendal franceschi/quentin powers) You spend an awful lot of time in massachutes  
Seems like every other week you've got a meeting waiting there  
Business must be booming or could something else  
Be moving in the air up there You say that it's important for our future  
An executive on his way up has got to play the part  
Each time duty calls you got to give it all  
You've got with all your heart  
When whoever's in new england is through with you  
And boston finds better things to do  
You know it's not too late 'cause you'll always have a place to go  
When whoever's in new englands through with you I hear the winter time up north can last  
forever  
I've been told it's beautiful to see this time of year  
They say the snow can blind you till the world you left behind  
Just disappears I hear I packed your bags and left them in the hallway  
But before you leave again theres just one thing you outta know  
When the icy winds blow through you remember that it's me  
Who feels the cold most of all  
When whoever's in new england is through with you  
And boston finds better things to do  
You know it's not too late 'cause you'll always have a place to go  
When whoever's in new englands through with you
