

# Immunize (feat. Liam Howlett)

## Pendulum

We go forth and multiply!  
Nerves are shaking from the decadent light!We go forth and multiply!  
Nerves are shaking from the decadent light!We'll be a little slow  
When you're going to die!  
And when you're getting low  
We'll raise the tide!  
We'll be a little slow  
When you're going to die!  
We go forth and multiply!  
Nerves are shaking from the decadent light!We'll be a little slow  
When you're going to die!  
And when you're getting low  
We'll raise the tide!  
We'll be a little slow  
When you're going to die!We go forth and multiply!  
Nerves are shaking from the decadent light!We go forth and multiply...  
We go forth and multiply...  
We go forth and multiply...  
We'll be a little slow  
When you're going to die!  
And when you're getting low  
We'll raise the tide!  
We'll be a little slow  
When you're going to die!We go forth and multiply!  
Nerves are shaking from the decadent light!
