

Over to You

Riot

I can see you 'cross endless miles,
I can see your distant smile
Hangin' over
I'm a rover, living all over
follow
Give it time, think it over
Roll it over
It's only a matter of time,
only a matter of time,
Before I turn it.
Only a matter of time,
over to you, over to you, over to you, over to you
I'm a soldier, living by the rules
so cool
silly fool
I'm a sailor
seas, change directions
with every passing breeze
Shoot the breeze.
