

Together Again

[Emmylou Harris](#)

Together again my tears have stopped falling
The long lonely nights are now at an end
The key to my heart you hold in your hand
And nothing else matters 'cause we're together again Together again the grey skies are gone
You're back in my arms now where you belong
The love that we knew is living again
And nothing else matters cause we're together again Together again my tears have stopped
falling
The long lonely nights are now at an end
The love that we knew is living again
And nothing else matters now that we're together again
No, nothing else matters because we're together again
