

# Subject To Status

## Pitchshifter

Bet ya, they're gonna get ya, sooner or later, one way or another  
Yes please I wanna see the Achilles species down on its knees  
Yes sir they're gonna save us (subject to status)  
Absolution guaranteed (for a small additional fee)  
And the first will be first and the last won't last  
Next time, 'm gonna get mine, sooner, later, one way or another  
Next scene I wanna be malignant instant  
watch your back guarantee
