

# There's No Sympathy for the Dead

## Escape the Fate

Oh my god, I have the remedy for love  
I struck the glass and broke the bones inside my fist, but I'm ok  
I cannot change you, you'll never change  
I never would expect to break this in the end  
Something so profound, something you won't expect  
take this scripture like a picture and wear it around your neck  
the sky it opens up  
don't get swallowed by the flames  
what's mine is yours and yours is mine so take me away  
you hear the sounds, to carry out  
there's no sympathy for the dead  
it swells and I, was never the same  
there's no sympathy for the dead  
we dance like zombies do in the middle of the rain  
we see the stones falling from the sky (on fire)  
the blinding light beaming from your eyes (our desire)  
life has died, yet we're still alive and down below  
a sea of damned crashing like a tidal wave  
I cannot change you, you'll never change  
I never would expect to break this in the end  
I can't breathe  
wake up from this nightmare that I'm in  
dive into a holy river and wash away my sins  
as I reach (sanctified) the surface of the water now  
I will breathe and burn out my eyes  
you hear the sounds, to carry out  
there's no sympathy for the dead  
it swells and I, was never the same  
there's no sympathy for the dead  
we dance like zombies do in the middle of the rain  
we see the stones falling from the sky (on fire)  
the blinding light beaming from your eyes (our desire)  
life has died, yet we're still alive and down below  
a sea of damned crashing like a tidal wave  
So take the medicines to quench the pain we have  
and walk until the end, until you've reached the sun  
a hundred thousand wings, soaring through the sky  
at intense speeds, we can't catch with our eyes  
you hear the sounds of a third carried out  
just wait (just wait)  
you hesitate  
I have the remedy to this poisonous kiss

I struck the glass, it shatters bones in my fist  
I have the remedy to this poisonous kiss  
I struck the glass, it shatters bones in my fist  
I have the remedy to this poisonous kiss  
I struck the glass, it shatters bones in my fist  
I have the remedy to this poisonous kiss  
I struck the glass, it shatters bones in my fist
