

# Colors

## The Head and the Heart

I saw the colors fade away  
I saw the colors fade away  
I saw the colors fade away  
I saw the colors fade away  
See you kicking the can down the road  
And you staring at the dust  
I hear you in the moonlight  
Every word, seems like you say  
I saw the colors fade away from you  
You said, I saw the colors fade away  
I saw the colors fade away from you now  
I saw the colors fade away  
So the scene all looks the same  
As it did in the morning  
And it feels like a storm  
But it's all in your head  
And I know that you feel like  
You're not getting what you need right now  
But give it a night  
Wait for the light, yeah  
Well, well, what can you say?  
When your love just starts to fade away  
Who, who, who can you tell?  
You know this song just won't go away  
Thinking back to the time before  
Looking up from me on the floor  
Did you not feel that something too?  
Taking it back, bringing it up, on everything  
I saw the colors fade away  
I saw the colors fade away from you  
I saw the colors fade away from you  
I saw the colors fade away  
Well, well, what can you say?  
When your love just starts to fade away  
Who, who, who can you tell?  
You know this song just won't go away  
I saw the colors fade away from you  
I saw the colors fade away  
I saw the colors fade away from you now honey  
I saw the colors fade away  
I saw the colors fade away from you  
I saw the colors fade away

I saw the colors fade away from you  
I saw the colors fade away
