

# Keep On Dreaming

Lyfe Jennings

Your dreams, your fantasies  
Your desires, your choice  
Look outside your window, tell me what you see  
Past all the flowers, beyond the trees  
Is it what you wanted your life to be  
Or is it what you settle for?  
Is it 'cause they laugh at you and talk about you too?  
They talked about Jesus Christ, what makes you think  
They won't talk about you?  
No need to worry, you are a star  
And you are perfect just the way you are  
Keep on dreaming, keep on shining  
Keep on grinding, don't stop trying  
Keep on dreaming, keep on flowing  
Keep on growing, don't stop hoping  
Don't stop hoping  
Walkin' through the graveyard, shovel in your hand  
Rumors on the street are you just buried a man  
And he was really talented, he just didn't get a chance  
And now his blood is on your hand  
Maybe you should dig him up, maybe you should not  
Maybe you should stop listening to your friends and listen to your heart  
It's nice to be famous, it's nice to be a star  
But it's also nice to be just who you are  
Keep on dreaming, keep on shining  
Keep on grinding, don't stop trying  
Keep on dreaming, keep on flowing  
Keep on growing, don't stop hoping  
Don't stop hoping  
People say the craziest things, craziest things  
Twenty-five to life he done murdered his dreams, murdered his dreams  
Uh huh, uh huh, uh huh  
Keep on dreaming, keep on shining  
Keep on grinding, don't stop trying  
Keep on dreaming, keep on flowing  
Keep on growing, don't stop hoping  
Don't stop hoping  
Keep on dreaming, keep on shining  
Keep on grinding, don't stop trying  
Keep on dreaming, keep on flowing  
Keep on growing, don't stop hoping  
Don't stop hoping
