Seether

You could've been the real one

You could've been the one enough for me

You could've been the free one

(The broken down and sick one)

Remnant of a vacant lifeYou come around when you find me faithless

You come around when you find me facelessFuck me like you hate me

(Dig it up and tear it down)

Dig it up and whore me out

Fuck me like you hate me

(Dig it up and tear it down)

I love the sound when you come undone

You could've been the next one (god only knows)

You could've been the one to comprehend me

You could've been the only one

(the broken down and sick one)

You could've been the one who I lie with You come around when you finally face this

You come around when you find me facelessFuck me like you hate me

(Dig it up and tear it down)

Dig it up and whore me out

Fuck me like you hate me

(Dig it up and tear it down)

Don't make a sound until I come undoneYou'll never break me

You'll never break me

You'll never break me

You could've been the real one

You could've been the last one I lie with

You could've been the old one

I should of been the one who diedYou come around when you finally face this

You come around when you find me facelessFuck me like you hate me

(Dig it up and tear it down)

Dig it up and whore me out

Fuck me like you hate me

(Dig it up and tear it down)

I love the sound when you come undoneFuck me like you hate me

(Fuck me like you hate me)

Fuck me like you hate me

(You'll never break me)

Fuck me like you hate me

(Dig it up and tear it down)

You come around when you find me faceless
