

What It Is (feat. Rick Ross & Kollosus)

Gorilla Zoe

We took the foes off the Chevy and we sat it those sixes
(Sixes)
Lipstick on them rims got them rims blowin' kisses
(Kisses)They know what it is, ya'll know what it is
He know what is is, she know what it isTwenty rubber bands you could get your self a pigeon
(Pigeon)
Bring another ban get yourself a pound a midget
(Midget)They know what it is, ya'll know what it is
He know what is is, she know what it isOn them 26s shirts on a 71 chevel like

They say shawty give em hell
