Year 3000

Jonas Brothers

One day, when I came home at lunchtime

I heard a funny noise.

Went out to the back yard to find out

If it was one of those rowdy boys.

Stood there with my neighbor called Peter

And a Flux Capacitor. He told me he built a time machine.

Like one in a film I've seen

Yeah... he saidI've been to the year 3000

Not much has changed but they lived under water.

And your great, great, great, grand daughter

Is doing fine (doing fine).

He took me to the future in the flux thing

And I saw everything.

Boy bands, and another one and another one... (and another one!) And girls there with round

hair like Star Wars

They float above the floor.

We drove around in a time machineLike the one in the film I've seen...

Yeah...

He said, I've been to the year 3000.

Not much has changed but they lived under water. And your great, great, great, grand daughter Is doing fine (doing fine).

I took a trip to the year 3000.

This song had gone multi-platinum.

Everybody bought our 7th album. It had outsold Kelly Clarkson.
