

One More Day (Stay With Me)

Example

Stay with me for just one more day I have to make a move to somewhere miles away

The only hope we've got is just to smile and pray

Another lesson learned

Another page is turned

Give into your desire, say goodbye

Play with fire, play with fire you'll get burned

Another lesson learned

Another page is turned

This time I had to fly and then you say those precious words Stay with me

Stay with me

Stay with me, stay with me for just one more day

Stay with me

Stay with me

Stay with me, stay with me for just one more day

You make me lose my focus and the time of day

Just one minute in your arms and then it flies away

Another lesson learned

Another page is turned

Give into your desire, say goodbye

Play with fire, play with fire you'll get burned

Another lesson learned

Another page is turned

This time I had to fly and then you say those precious words Stay with me

Stay with me

Stay with me, stay with me for just one more day

Stay with me

Stay with me

Stay with me, stay with me for just one more day

I've fallen for you, you've fallen for me

Stay with me, stay with me for just one more day

I've fallen for you, you've fallen for me

Stay with me, stay with me for just one more day Oh I think loving you could be so easy

Oh I think loving you could be so easy I rate that heavenly girl, she's a keeper

Should be taking her home, make it deeper

Take that leisurely stroll by the beach

Then I've gotta leave country, now apply Visa

I'm gonna bottle our love, take a litre

See you in a couple of weeks

We're like a couple of freaks in Ibiza

Even if we're sat on the sofa, you just won me over Stay with me

Stay with me

Stay with me, stay with me for just one more day

Stay with me

Stay with me

Stay with me, stay with me for just one more day I've fallen for you, you've fallen for me

Stay with me, stay with me for just one more day

I've fallen for you, you've fallen for me

Stay with me, stay with me for just one more day
