

# Gum Body (feat. Jorja Smith)

## Burna Boy

When I call you, no dey answer  
I say make I call you some more  
Girl, you leave me no choice, oh Very soon I'll go appear for your door mat  
And you had that tight dress on  
When I saw you last night at the club  
Even though I had my dark shades on  
I was looking at you all night long Now I'm in the middle of the street  
How did I ever let you leave? Oh no  
Why did I drink this Hennessey?  
Oh, woah, woah, woah, woah, woah, woah  
Girl, I don't know what come over me  
Girl, I just want make we gum body  
Don't want to lose you to nobody, no  
But God dey no go 'gree  
And I don't know what come over you  
As you see me so, I know ba do  
I swear to God, you dey gum ma do, oh  
Can you gum ma do No be small t'ing  
'Cause something got me watching  
Am I just drunk or something?  
Or I'm in love, in love, in love  
I'm loving like a monkey  
A junkie for your loving  
I must be high or something  
But now it doesn't really matter because  
Now I'm in the middle of the street  
How did I ever let you leave? Oh no  
Why did I drink this Hennessey?  
Oh woah, woah, woah, woah, woah, woah  
Girl, I don't know what come over me  
Girl, I just want make me gum body  
Don't want to lose you to nobody, no  
But God dey no go 'gree And I don't know what come over you  
As you see me so, I know ba do  
I swear to God, you dey gum ma do, oh  
Can you gum ma do (I feel, I feel if I did not boo around you)  
I can't take this choas no more  
I can't take rushed lies anymore  
He's trying for me, he's playing with you  
Baby you're drunk, maybe I'm too Baby you're a sufferer or a soldier  
Killer of your own heart, if you treat me kindly  
Kept me close, but we'll be still apart

Isn't easy with me  
Drinkin' just to loosen myself up  
From what I can and shouldn't be But now I'm in the middle of the street  
How did I ever let you leave? Oh no  
Why did I drink this Hennessy? Girl, I don't know what come over me  
Girl, I just want make me gum body  
Don't want to lose you to nobody, no  
But God dey no go 'gree And I don't know what come over you  
As you see me so, I know ba do  
I swear to God, you dey gum ma do, oh  
Can you gum ma do
