

# Dante's Creek

## THEY.

I don't wanna wait for our lives to be over  
If it happened now, would you take it how you left it?  
This is give and take, so take your time, take me under  
I wanna know, could you show me what I'm missing? In the playground in Southern California  
Something running in the streets all day  
I guess some of us just gotta learn the hard way  
Who give a damn what nobody gotta say  
You need to sell it now Ooh, oh-oh  
Oh-oh  
Ooh, oh-oh I don't wanna wait for our lives to be over  
If it happened now, would you take it how you left it?  
This is give and take, so take your time, take me under  
I wanna know, could you show me what I'm missing?  
This can't be for nothing  
We live for something  
But nowhere we going  
At least till the morning  
This can't be for nothing  
We live for something  
But nowhere we going  
At least till the morning In the playground in Southern California  
Something running in the streets all day  
I guess some of us just gotta learn the hard way  
Who give a damn what nobody gotta say  
You need to sell it now I don't wanna wait for our lives to be over  
If it happened now, would you take it how you left it?  
This is give and take, so take your time, take me under  
I wanna know, could you show me what I'm missing?  
Ooh, oh-oh  
Oh-oh  
Ooh, oh-oh (This can't be for nothing)  
Oh-oh  
(We live for something)  
Ooh, oh-oh  
(But nowhere we going)  
Oh-oh  
(At least till the morning)
