

Meet Me, Midnight

Renee Olstead

Meet me, midnight,
That's when things get nice.
At my place, midnight,
Don't forget the ice. Don't look for me in the light of the day,
I wait till midnight to come and play.
Meet me, midnight,
Oh, that's my paradise. Meet me, midnight,
Oh baby, you can be my guest.
Just make it, midnight,
Oh you fill in the rest. Some rise at sunrise and think its a "wow",
That's very nice - if you're milkin' a cow.
Not me, midnight,
That's when it's the best.
(Hit it) Shan new a dee, dovaa, bop-a-do-bop-sha-dop-a-do-wee. (Ohhh) A ski-bop, a popo a
bayadowa,
Shan bop a wee da bay do be do da dee.
Sha do ba wee,
a do yall day a bop do bop. Oh baby,
Meet me, midnight.
That's my time of night. Just make it midnight,
Wine and candlelight.
Some like to rise at the crack of the dawn,
I tried it once and I started to yawn.
Meet me at midnight,
We'll start the new day right.
I've been one that rolls along, out there,
The power going strong.
Oh Cinderella, She had it wrong
Midnight. That's the name of this song.
