

Lullabye

Concrete Blonde

When the sky has fallen
Like a blanket on your shoulder
And the moon is like a mother
Looking over you forever
And the dawn is so familiar
You were meant to be together
Like a fog around a mountain
Forever
So softly, so sweetly
Surrounding you completely
Sing you a lullabye, a lullabye to you
Lullabye, a lullabye to you
When your breathing is the wind
And your crying is the rain
Well I know you will remember
Because the music is forever
The living of a lover
And the loving of another
Like a sister and a brother
Like a father and a mother
So softly, so sweetly
Surrounding you completely
Sing you a lullabye, a lullabye to you
Lullabye, a lullabye to you
When the sky has fallen
Like a blanket on your shoulder
And the moon is like a mother
Looking over you forever
And the dawn is so familiar
You were meant to be together
Like a fog around a mountain
Forever
So softly, so close to me
You're surrounding me so beautifully
Lullabye, a lullabye to you
Lullabye, a lullabye to you
Lullabye, a lullabye to you
