

# I Could Say

[Lily Allen](#)

I could say that I'll always be here for you  
But that would be a lie and quite a pointless thing to do  
I could say that I'll always have feelings for you  
But I've got a life ahead of me and I'm only 22  
Since you've gone I've lost that chip on my shoulder  
Since you've gone I feel like I've gotten older  
Now you're gone it's as if the whole wide world is my stage  
Now you're gone it's like I've been let out of my cage  
You always made it clear that you hated my friends  
You made me feel so guilty when I was running round with them  
And everything was always about being cool  
And now I've come to realize there's nothing cool about you at all  
Since you've gone I've lost that chip on my shoulder  
Since you've gone I feel like I've gotten older  
Now you're gone it's as if the whole wide world is my stage  
Now you're gone it's like I've been let out of my cage  
Since you've gone I've lost that chip on my shoulder  
Since you've gone I feel like I've gotten older  
Now you're gone it's as if the whole wide world is my stage  
Now you're gone it's like I've been let out of my cage
