It's hard
Easy?
Is not an option
It's hard living
Life is hard
You will go through things and while you're going
through them you can't understand why it's
happening to you
But after you go through it you get back and you
look at it and you say "Oh, now I understand why I
needed that lesson."
And you look at it and embrace whatever comes to
you
Don't run from it. Step towards it
Don't try to duck it like most people do
See, most people want it easy
Easy come, easy what?
Easy go
