

Hello Good Morning (Remix) [feat. Booba]

Diddy

Hello Good morning tell me what the lip read
Pretty face, thin waist with the sick weave
First time fish tailing in the 6 speed
Real bad boy tell em come and get me
Im at the fight, been kinda like Bellmen
Only took the trip to the truck twice
Unpacked the Mac 11 and air max's
Stuff six figures in my damn air mattress
Uh, I'm in love with large bills
A dime with a fat ass, thin waist and tall heels
Yeah, it's the teflon Don,
Hundred carrots in the charm tryna give it back to Sean.
Hello, Good morning
Lets go, lets ride,
Hello, Good morning
Hello, Good morning
Know you've been waiting for it
'cause I seen you watching
So lets go
Lets get it popping Cause I've been leaning on the bar
Looking cleaner than the star
All these broads wont give me my props
25 on the bank I be stunting on there ass
And they mad cause the b-tch won't stop
Got your boyfriend feeling like a groupie
(you know, you know, we know, we on that)
Stuntin like you looking like a movie
(you know, you know, we know, we on that)
And everybody know who the truth be
(you know, you know, we know, we on that)
I blow cause I'm blowing on the ohh wee
(you know, you know, we know, we on that)
Hello I came up in it a little bit self centered
But did I kill a Queen
Alexander McQueen's got a wrist on glow
The bottles is on po'
Got that shibby shibby yeah shibby yeah ayou!
What the f-ck I look like b-tch I run this town
I aint coming out for less than a 100 thou
Man, the last time I checked I was bubbling out
Got to turn down shows, out in Dublin now
Wait wait hold on, maybe they didn't get that here

Like 11 hundred horses when I switch that gear
Swerve on them sorta like I missed that dear
Press that little button on the sit back chair
B-tch I do it lyricsmusicvideo.blogspot.com cause I get it
I got billion dollar credit
If you got a million dollars you could put it up in (?)
I just be like hello hello but I never could salute them
Young money I do it for the yout dem!Hello, Good morning
Lets go, lets ride,
Hello, Good morning
Hello, Good evening
You blow, you feindin'
'cause you know that your really needed
And I'm the one that you wanna be with
But right now baby you dreaming
Wake up and turn the lights offGot your boyfriend feeling like a groupie
(you know, you know, we know, we on that)
Stuntin like you looking like a movie
(you know, you know, we know, we on that)
And everybody know who the truth be

I blow cause I'm blowing on the ohh wee
(you know, you know, we know, we on that)
