## Pearl Jam

On the edge  
Windowsill  
Ponders his maker  
Ponders his will  
To the street below  
He just ain't nothin'  
But he's got a great view  
And he sinks a needle deep Can't touch the bottom  
In too deep  
Can't touch the bottom  
On the edge of a  
Know-nothing town  
Feeling quite superior  
The aged come  
To the sky above  
He just ain't nothin'  
But he's got a great view  
And he sinks a burning knife deep Can't touch the bottom  
In too deep, yeah  
Uh-huh, can't touch the bottom  
In too deep  
On the edge of a  
Christmas clean love  
Young virgin from Heaven  
Visiting  
To the man above her  
She just ain't nothing  
But she doesn't like the view  
She doesn't like the view  
She doesn't like the view  
But he sinks himself deep Can't touch the bottom  
In too deep, hey  
Can't touch the bottom, can't touch the bottom  
Deep Can't, oh, touch the bottom  
Can't, oh, touch the bottom  
Can't, oh, touch the bottom  
Can't, oh, touch the bottom  
Can't, oh, touch the bottom  
Can't, oh, touch the bottom, yeah  
Oh
