

# Shake for Me

## Stevie Ray Vaughan & Double Trouble

Well, it sure look good, but it don't mean a thing to me  
Yes it sure look good, but it don't mean a thing to me  
I've got a cool shakin' baby, shake like a wildwood tree  
You went away baby, you got back a little too late  
You went away baby, you got back a little too late  
I've got a cool shakin' baby, shake like jello on a plate  
When my baby walks, you know she's fighting below  
Yeah, when my baby walks, you know she's fighting below  
Yes and when she stops, her flesh, it shakes like jello  
Well now, shake little baby  
Shake it for me  
Yeah now, shake little baby  
Shake it for me  
Yeah now, shake a little baby  
Shake like a wildwood tree  
Now let it shake, now let it shake  
Now let it shake, now let it shake  
Let it shake a little baby  
Shake like a wildwood tree
