

# High-Fiving MF

## Local H

You high fiving mutherfucker  
You're just a walking billboard  
For all the latest brands  
You've got no taste in music  
And you really love our band  
You're haircut is atrocious  
it's been the same since '83  
Your glory days are over  
And so's your stonewashed jeans  
You crass fat ass  
You stupid steroid fuck  
I'll bet you even named your  
Grand prize monster truck  
You want me you can't pay  
You high fiving mutherfucker  
You crass fat-ass  
You stupid steroid fuck  
Hi-jack the pit your shit  
Male bonding as moose rut  
You want me - you can't pay  
You want me - you can't pay  
You crass fat-ass  
You high-fiving motherfucker
