

High-Fiving MF

Local H

You high fiving mutherfucker
You're just a walking billboard
For all the latest brands
You've got no taste in music
And you really love our band
You're haircut is atrocious
it's been the same since '83
Your glory days are over
And so's your stonewashed jeans
You crass fat ass
You stupid steroid fuck
I'll bet you even named your
Grand prize monster truck
You want me you can't pay
You high fiving mutherfucker
You crass fat-ass
You stupid steroid fuck
Hi-jack the pit your shit
Male bonding as moose rut
You want me - you can't pay
You want me - you can't pay
You crass fat-ass
You high-fiving motherfucker
