When We Say (Juicebox)

AJ Rafael

Somethin' bout the way Somethin' bout the way you look in my eyes You make everything so damn easy So easy that I don't got to worry about a thingAnd baby when we touch All I can see is the image of us Sittin' by the ocean, just before the dusk Sippin' on a juicebox, with sand between our toesAnd this is the part when we say we're in love And the part where we have our first kiss But this ain't a movie, I know you can't come with me You got your life, he better be treatin' you right Just tell me you don't love me Tell me you don't feel the same way that I do Tell me I don't make you smile like I do when you walk in the room You're so... so hard to let go... Oh...And this is the part when we say we're in love And the part where we say it's forever But this ain't a fantasy, I know you can't come with me You got your life, he better be treatin' you right This hurts so much To know that you're with someone else when you should be with me It's just hard to accept that I can't be around He better be treatin' you good I'm no Einstein but I know a sign when I see one And I know you love me too And I know you love me too... And this is the part when we say we're in love And the part where we have our first kiss But this ain't a movie, I know you can't come with me You got your life, he better be treatin' you good... so good... You got your life, he better be treatin' you...
