

# Caramel Kisses

Faith Evans

Caramel kisses, you send my way  
I won't complain, just don't go away  
Caramel kisses, you send my way  
I won't complain, just don't go away  
You made my heart melt the other day  
When we laid by the fire in the middle of May  
It was so romantic I'll say  
When you gave me your love in your caramel way  
Caramel kisses, you send my way  
I won't complain, just don't go away  
Caramel kisses, you send my way  
I won't complain, just don't go away  
Many times before and many times again  
You'll recall to me the reasons why  
You are more than my friend  
It's not only because you were there for my kids  
It's the simple things like your caramel kiss  
Living life with you can be so right  
Loving you through the night  
Your love is so amazing, baby  
Oh, never have I felt a love like this  
Baby, I can't resist something about your kiss  
Something about your kiss  
Caramel kisses, you send my way  
I won't complain, just don't go away  
Caramel kisses, you send my way  
I won't complain, just don't go away  
Caramel kisses, you send my way  
I won't complain, just don't go away  
Caramel kisses, you send my way  
I won't complain, just don't go away  
Caramel kisses, you send my way  
I won't complain, just don't go away  
Caramel kisses, you send my way  
I won't complain, just don't go away
