You've Got a Friend

Donny Hathaway

When you're down and troubled And you need some loving care And nothing, nothing is going right Close your eyes and think of me And soon I will be there

To brighten up even your darkest nightYou just call out my name

And you know wherever I am

I'll come running to see you again

Winter, spring, summer or fall

All you have to do is call

And I'll be there

You've got a friend

If the sky above you

Grows dark and full of clouds

And that old north wind begins to blow

Keep you head together

And call my name out loud

Soon you'll hear me knocking at you doorYou just call out my name

And you know wherever I am

I'll come running to see you again

Winter, spring, summer or fall

All you have to do is call

And I'll be thereAin't it good to know that you've got a friend

When people can be so cold

They'll hurt you, and desert you

And take your soul if you let them

You just call out my name

And you know wherever I am

I'll come running to see you again

Winter, spring, summer or fall

All you have to do is call

And I'll be there

You've got a friend
