I Will Never Forget You

Danielle Bradbery

Sooner or later they say
That it all gets easier
Take it one tear at a time
I wake up one day
To find some closure

Shining like the sunlight through the blindsNo matter how much time make pass between us You'll never be more than memory awayCause I'll never forget you

No I'll never forget you Whisper of the evening rain On the bedroom window Like the sky is missing you The flicker of the candle flame

There's only one shadow

Oh, but I can still see twoNo matter how much pain I have to go through It's better than feeling nothing for you at allCause I'll never forget you

No I'll never forget you When I'm sleeping When I'm dreaming Whenever when

I got the feeling that I'll never forget you

And I love you

Oh and I'll never forget you

Oh, I'll never forget you (never forget you)

Never forget you, oh oh

Never forget you
