

# Right Here (Human Nature Duet)

SWV

Lately there seems to be some insecurities  
About the way I feel where I wanna be  
Boy you know it's with you  
No one can do the things you do to me Never to be mistaking long as it's love we're making  
There'll be no hesitating you and me  
And it always will be and I wont leave your side  
'Cause you know Love will be right here, be right here  
Right here, be right here  
No fear, have no fear  
No tears love is here True love some don't believe in  
That's just what I'm giving  
I'm gonna keep it strong I'll be holding on to you  
No one can do me like you do it's true  
Sure as the sun is shining our love will keep on climbing  
There's gonna be some rain gonna be some pain  
But as long as I know boy time will show  
Our love will grow and I know Love will be right here, be right here  
Right here, be right here  
No fear, have no fear  
No tears love is here Love will be right here, be right here  
Right here, be right here  
No fear, have no fear  
No tears love is here Won't let go you should know this thing is real  
No questions, just listen to you heart and love will be right Baby, what's the problem  
It's seems like we're having trouble  
You don't seem to understand  
The life I lead ain't double  
My heart belongs to you, and only you  
And you know it's true  
A phony imitation just won't do  
Relax your mind I'm not the kind who runs around  
And wastes time, other fine brothers just don't compare  
I'll be there, I swear, far or near, have no fear  
I don't care, you can count on me, I'm right here Right here, be right here  
Right here, be right here  
No fear, have no fear  
No tears love is here Right here, be right here  
Right here, be right here  
No fear, have no fear  
No tears love is here Right here, be right here  
Right here, be right here  
No fear, have no fear

No tears love is here  
Right here, be right here  
Right here, be right here  
No fear, have no fear
