Right Here (Human Nature Duet)

SWV

Lately there seems to be some insecurities About the way I feel where I wanna be Boy you know it's with you

No one can do the things you do to meNever to be mistaking long as it's love we're making

There'll be no hesitating you and me

And it always will be and I wont leave your side

'Cause you knowLove will be right here, be right here

Right here, be right here

No fear, have no fear

No tears love is hereTrue love some don't believe in

That's just what I'm giving

I'm gonna keep it strong I'll be holding on to you

No one can do me like you do it's true

Sure as the sun is shining our love will keep on climbing

There's gonna be some rain gonna be some pain

But as long as I know boy time will show

Our love will grow and I knowLove will be right here, be right here

Right here, be right here

No fear, have no fear

No tears love is hereLove will be right here, be right here

Right here, be right here

No fear, have no fear

No tears love is hereWon't let go you should know this thing is real No questions, just listen to you heart and love will be rightBaby, what's the problem

It's seems like we're having trouble

You don't seem to understand

The life I lead ain't double

My heart belongs to you, and only you

And you know it's true

A phony imitation just won't do

Relax your mindI'm not the kind who runs around

And wastes time, other fine brothers just don't compare

I'll be there, I swear, far or near, have no fear

I don't care, you can count on me, I'm right hereRight here, be right here

Right here, be right here

No fear, have no fear

No tears love is hereRight here, be right here

Right here, be right here

No fear, have no fear

No tears love is hereRight here, be right here

Right here, be right here

No fear, have no fear

No tears love is hereRight here, be right here Right here, be right here No fear, have no fear
