

# What Now My Love (with Aretha Franklin)

Frank Sinatra

What now my love, now that you've left me?  
How can I live through another day?  
Watching my dreams turning to ashes  
And all of my hopes into bits of clay  
Once I could see, once I could feel  
Now I am numb, I've become unreal  
I walked the night, without a goal  
Stripped of my heart, my heart and my soul  
What now my love? Now that it's over  
I feel the world closing in on me  
Here come the stars, falling around me  
Here's the sky where the sea should be  
What now my love? Now that you're gone  
I'd be a fool to go on and on and on  
No one would care, nobody would cry  
If I should live or even if I should die  
What now my love? Now that it's over  
Nothing is left, my last goodbye  
My last goodbye
