## Madonna

Traduzione di Incredible Just one of those things when everything goes incredible  
And all is beautiful  
Ca-ca-can't get my head around it, I need to think about it  
Can't get my head around it, I-I need to think about it And one of those things that used to get  
you down now have no effect at all,  
'Cause life is beautiful  
Ca-ca-can't get my head around it, I need to think about it  
Can't get my head around it, I-I need to think about it  
Remembering the very first time  
You caught that someone's special eye  
And all of your care dropped  
And all of the world just stopped (I hope)  
I want to go back to then,  
Got to figure out how, got to remember when  
I felt it,  
It thrilled me,  
I want it  
To fill me Just one of those things when everything goes incredible  
And all is beautiful  
Ca-ca-can't get my head around it, I need to think about it  
Can't get my head around it, I-I need to think about it And one of those things that used to get  
you down now have no effect at all,  
'Cause life is beautiful  
Ca-ca-can't get my head around it, I need to think about it  
Can't get my head around it, I-I need to think about it  
You don't know what you got 'til it's gone  
And everything in life just goes wrong  
Feels like nobody's listening  
And something is missing (I hope)  
I want to go back to then,  
Got to figure out how, got to remember when  
I felt it,  
It thrilled me,  
I want it  
To fill me Just one of those things when everything goes incredible  
And all is beautiful  
Ca-ca-can't get my head around it, I need to think about it  
Can't get my head around it, I-I need to think about it And one of those things that used to get  
you down now have no effect at all,  
'Cause life is beautiful  
Ca-ca-can't get my head around it, I need to think about it  
Can't get my head around it, I-I need to think about it I remember when

you were the one,  
you were my friend  
You gave me life,  
you were the sun,  
you taught me things  
I didn't run  
I fell to my knees,  
I didn't know why  
I started to breathe,  
I wanted to cry  
I need a reminder,  
So I can relate  
I need to go back there  
before it's too late  
It's time to get your hands up  
It's time to get your body grovin'  
It's time to get your hands up  
It's time to get your body grovin'  
It's time to get your hands up  
It's time to get your body grovin'  
It's time to get your hands up  
It's time to get your body grovin'  
Just one of those things when everything goes incredible  
And all is beautiful  
Ca-ca-can't get my head around it, I need to think about it  
Can't get my head around it, I-I need to think about it  
And one of those things that used to get  
you down now have no effect at all,  
'Cause life is beautiful  
Ca-ca-can't get my head around it, I need to think about it  
Can't get my head around it, I-I need to think about it
